Introduction

What is ESG?

Environmental, Social, and Corporate Governance (ESG)

Stakeholders are interested in the ESG performance of an organization to see if it adheres by sustainability and social responsibility principles, and if the company is accurately identifying and addressing risks associated with climate change.

ESG Reporting?

In India ESG reporting is known as **Business Responsibility and Sustainability Reporting**. The Government agency running it is **SEBI** (Securities and Exchange Board of India).

There is a questionnaire prepared by SEBI for reporting ESG/BRSR.

The screenshot displays the official website of the Securities and Exchange Board of India (SEBI). The header includes the SEBI logo, the text 'भारतीय प्रतिभूति और विनियम बोर्ड' (Securities and Exchange Board of India), and a search bar. The main navigation menu contains links for ABOUT, LEGAL, ENFORCEMENT, FILINGS, REPORTS & STATISTICS, STATUS, and MEDIA. The 'LEGAL' section is expanded, showing a list of legal documents including Acts, Rules, Regulations, General Orders, Guidelines, Master Circulars, and Circulars. The 'Circulars' link is selected, leading to a page titled 'Business responsibility and sustainability reporting by listed entities'. This page features a circular dated May 10, 2021, with the reference number SEBI/HO/CFD/CMD-2/P/CIR/2021/562. The circular is addressed to 'All listed entities' and 'All Recognized Stock Exchanges'. Below the circular, there is a search bar and a table listing the circulars. The table has columns for 'Date' and 'Title'. The table lists three circulars: one dated May 10, 2021, titled 'Business responsibility and sustainability reporting by listed entities'; one dated Nov 04, 2015, titled 'Format for Business Responsibility Report (BRR)'; and one dated Aug 13, 2012, titled 'Business Responsibility Reports'.
